

The 100 Year Roof

North Country Slate®

SEMI-WEATHERING GRAY

North Country Semi-Weathering Gray is a premium quality roofing slate in a rich battleship gray color that deepens over time. A percentage of these slates will weather to tones of brown and buff. They make a popular roof covering alone or in combination with other slates to create a multicolored roof. Produced by select Vermont quarries, North Country Semi-Weathering Gray slate meets or exceeds ASTM standards as an S-1 rated roofing slate.

North Country Slate®

SEMI-WEATHERING GRAY
