

The 100 Year Roof

North Country Slate®

UNFADING MOTTLED PURPLE AND GREEN

North Country Unfading Mottled Purple and Green is a premium quality roofing slate of varying shades of burgundy with frequent clouds or inclusions of green. These slates offer subtle color and texture variations on roofs where a multi-colored blend of slates would not suit the building's architecture or surroundings. North Country Unfading Mottled Purple and Green is produced by select Vermont quarries and meets or exceeds ASTM standards as an S-1 rated roofing slate.
